To Whom It May Concern,

This is to certify that I, the undersigned, have thoroughly reviewed and verified that all the required documents related to the project titled:

"GlucoPredict-AI Powered Diabetes Predictor"

have been successfully uploaded to the designated GitHub repository.

- **GitHub Repository URL:** [https://github.com/Moiez-Siddiqui/Gluco_Diabetes/blob/main/DiabetesPrediction.ipynb]

- **Team/Student Name(s):** [Muhammad Hassan Bin Sabih, MoiezSiddiqe]

- **Department:** Department of Computing, FEST

- **Institution:** Hamdard University

The uploaded materials include (but are not limited to):

- Project source code

- Project report/documentation (Proposal/SRS/SDS/Report/Test Plan)

- Presentation slides

- Dataset(s) (if applicable)

- Poster/Video of Demo

- Any supporting files as required by the submission guidelines

I confirm that the submission complies with the documentation requirements outlined for this project/course and is accessible on the mentioned repository.

This certificate is issued for record-keeping and official use as part of the project evaluation or academic requirements.

Supervisor Name: Dr. Khurram Iqbal
Designation: Assistant Professor
Signature (Compulsory):
